An Easy Green Tip of the Day!

Bring your own reusable water bottle and coffee cup!

Don't have a water bottle or forgot yours at home? Grab an aluminum water bottle from FACS and reuse it indefinitely!

Did you know:

6,925 native trees and plants were planted in 2021 via the Foundations and CreativeBC's *REEL Earth Day Challenge*. 3,350kg of invasive species were removed and a total of 5.1 hectares were restored and protected.

Thank you for helping our parks!

Do you have a green tip you think could help us do better, or that you would like to see on the callsheet?
